The Commons on MLK is part of Lane County's Coordinated Entry system, Coordinated Entry is a standard process that is the "Front Door" for connecting people experiencing homelessness to available housing and ongoing support to stay housed. People are matched with a housing program based on their need and level of vulnerability. Not everyone who completes a Front Door Assessment will be matched with a housing program The goal of Coordinated Entry is to make homelessness a rare, brief, and one-time occurrence.

### These are the important steps in Coordinated Entry.

- 1. Schedule a Front Door Assessment.** If you are living in an emergency shelter, outdoors, in your car, or other homeless situation, then contact 541-682-4663 to schedule a Front Door Assessment.
- 2. Complete a Front Door Assessment.** A skilled assessor will complete a Front Door Assessment with you and will ask a series of questions about you and your household, your housing situation, your health, and what needs you may have. This Front Door Assessment is valid for 6 months.
- 3. Placement on the Central Wait List.** After you have completed a Front Door Assessment, you will be placed on the Central Wait List. The Central Wait List is a prioritized list of households needing housing. It is ranked by a scale of vulnerability based on various criteria which was collected during the Front Door Assessment (including past housing and homeless history, barriers you may face to get in housing, your health, and other needs). This list is not first come first served. Lane County prioritizes chronically homeless households for all programs that pull referrals from the Central Wait List.
- 4. Getting Matched with a Housing Program.** When there is a vacancy with The Commons on MLK or other housing program, the housing program contacts Lane County Coordinated Entry staff. County staff will review the Central Wait List and match a client to the vacancy. A housing program case manager will contact the client when they have been referred to a housing program.

## 14) What happens during the Front Door Assessment?

A skilled assessor will contact you by phone at your scheduled appointment time. The skilled assessor will ask you a standard set of questions, to get more information about your current and past housing and homeless history, barriers you may face to get in housing, your health, and other needs. Everyone who applies is asked the same questions, even if they may not seem relevant to your situation. On average, the Front Door Assessment takes approximately 30 minutes to complete, but the time can vary.

## 15) Are all Front Door Assessments completed over the phone?

Yes, currently Front Door Assessments are conducted via phone only until further notice. The goal is to support community wide physical distancing measures to minimize the spread of COVID-19.

## 17) I've already completed a Front Door Assessment. Do I need to do it again?

A Front Door Assessment is valid for 6 months. If your assessment has been completed within the last 6 months, then you do not need to do it again until it expires. If you completed a Front Door Assessment within the last 6 months you will automatically be considered for the Commons on MLK. If your front door assessment has expired, you may need to schedule a new assessment, contact 541-682-4663 to check the status of your assessment.

## 19) If I'm not matched with The Commons on MLK, will I be considered for other housing opportunities?

There are other programs that participate in Lane County's Coordinated Entry System. If you are placed on the Central Wait List, you may be considered for these other programs. It is important to note that the Central Wait List does not include all housing resources in the community, so we encourage you to explore other housing opportunities.

The goal is to house people as quickly as possible, but the time can vary based on a number of factors. It is possible that you get on the Coordinated Entry Central Wait list and may not get served. Typically, there are over 200 people on the Central Waitlist who are in need of housing. This waitlist is NOT a first-come first-served, but instead it is prioritizes people based on need and other factors.

If you are not currently housed with your Section 8 Housing Choice Voucher, you can schedule a front door assessment, and once your front door assessment is complete, if you are placed on the coordinated entry, you can be referred to the project. If you receive a Project Based Voucher for the Commons on MLK, you would forfeit your Housing Choice to take the Project Based Voucher. Someone can utilize their Project Based Voucher at the Commons on MLK as long as they are income eligible. The case management services through ShelterCare are meant to help tenants become more self-sufficient and give them the tools they need to find other housing solutions if they wish. After living at the Commons on MLK for one year, tenants are able to convert their Project Based Voucher into a Section 8 Housing Choice Voucher and find housing on the open rental market if they choose.

## 28) What happens if my income increases while living at the Commons on MLK and exceeds the 50% income eligibility?

If your income has increased enough that you no longer require a Housing Assistance Payment as 30% of your income is equal to or more than the full rent amount, you will continue as a Project Based Voucher participant for 6 months. After the 6 month period, your unit will no longer qualify for a Project Based Voucher subsidy. You will still be eligible to reside in the unit for as long as you choose, however, you will be required to pay full rent during this time.
