# **APRIL RESIDENT UPDATE**

#### **COVID-19 & Vaccine Updates**

- Lane County is in our state **warning week**. Due to increasing COVID-19 cases we are currently on track to move to High Risk Level starting Friday, April 23rd. Lane County has opted to take the grace period and remain in "Lower Risk" level designation. **Please help lower our risk level** by limiting gatherings, wearing masks, washing your hands, maintaining physical distancing, staying home when sick and working with contact tracers when they call you. Based on the current "Lower Risk" level, Homes for Good will continue with the operations as stated in the last update:
  - Site offices will reopen for <u>scheduled appointments only</u>.
  - Maintenance will begin to schedule Preventative Maintenance Inspections and will process all routine work requests. Maintenance will continue to follow COVID-19 precautions.
  - Community Rooms will reopen during resident programming for limited in person service.

Please continue practicing social distancing and face covering when outside your home.

• Lane County continues with their **efforts to vaccinate eligible members of our community** (all of Phase 1 are eligible as of April 5th) and the majority of our residents should qualify at this time. If you need assistance navigating vaccine scheduling, feel free to reach out to Resident Services at (541) 682-2580 for assistance. To schedule a vaccine appointment, you can contact a local pharmacy directly or schedule through Lane County Public Health at:

https://www.cognitoforms.com/LaneCountyCOVID/LaneCountyCOVID19VaccineScheduling\_

- Lane County has put together a video series about the vaccine, find it here: <u>https://vimeo.com/lanecountygov</u>
- Homes for Good **main office will to remain closed** during this time. Staff can be reached by telephone as needed by calling (541) 682-3755.

## Homes. People. Partnerships. Good.

# **RESIDENT RESOURCES**

## Where can I get my COVID-19 vaccine?

- Mass vaccination clinics
- Local public health authorities, who work with local providers, including some hospitals and health clinics
- Pharmacies
- Federally Qualified Health Centers (also called Community Health Centers), which have over 270 sites across the state
- Mobile clinics for specific at-risk populations
- Tribal health authorities for tribal members and their families
- Veterans Administration health providers for service members receiving care through the VA

### Health

#### What it means to be <u>fully vaccinated</u>

If you've been fully vaccinated:

#### What's Changed:

- You can gather indoors with fully vaccinated people without wearing a mask.
- You can gather indoors with unvaccinated people from one other household (for example, visiting with relatives who all live together) without masks, unless any of those people or anyone they live with has an increased risk for severe illness from COVID-19.
- If you've been around someone who has COVID-19, you do not need to stay away from others or get tested unless you have symptoms.

#### LET'S FIGHT FOOD INSECURITY TOGETHER!

Please go to our website or use the link below to take the survey and help reduce hunger in Lane County.

# I need some help scheduling a COVID-19 vaccine appointment.

#### Don't have internet access?

**Call 211** or 866-698-6155 (toll free) TTY: Dial 711 then call 866-698-6155.

# Health

### What it means to be <u>fully vaccinated</u>

If you've been fully vaccinated:

#### What Hasn't Changed:

- You should still take steps to protect yourself and others in many situations, like wearing a mask, staying at least 6 feet apart from others, and avoiding crowds and poorly ventilated spaces.
- You should still avoid medium or large-sized gatherings.
- You should still delay domestic and international travel.
- You should still watch out for symptoms of COVID-19, especially if you've been around someone who is sick. If you have symptoms of COVID-19, you should get tested and stay home and away from others.
- You will still need to follow guidance at your workplace.

#### Food for Lane County is asking Lane County residents to participate in a survey about hunger. This survey will help them better tell the story of need in our community and help them improve services to our neighbors in need.

All survey responses are anonymous and the process takes about 10 minutes. Complete for a chance to win \$20 gift card!
