**Maplewood Meadows  
Resident Meeting  
December 10, 2018**

*Homes for Good Staff Present: Jon Wild PM and Frankie LeeJohnson Res. Services.*

**Property Manager Updates:**

- Resident Assistant position has been hired. They will be starting January 2<sup>nd</sup>, 2019.
- Winter Weather may be pretty icy and cold this winter. Look out for a door hanger where there will be some requests for weatherization including taking off your hoses from the spout to avoid a possible fine.
- New roofs have been approved, as well as siding replacement and new windows. Vendors will be coming to the site in the near future and things will be replaced in that order.
- REAC (Real Estate Assessment Center) the inspection is coming and updates will be given out when we know the dates. Stay tuned. Maplewood Meadows and Eugene Scattered Sites have a combined score. If the score is good this year, they will not be coming back for an inspection for another 3 years. If it is not so good, they will come back again next year.

**Resident Services Updates:**

- A new staff person is going to begin in January as a 2<sup>nd</sup> Resident Services Specialist. This means that more services and attention will be provided at Maplewood because of increased capacity. This includes advocacy for residents and eviction prevention.

**Extra Helpings-** The program is going well. Thank you to Robert for keeping this program going!

**Old Business:**

- Duck Parking made around \$600 for the Resident Fund. \$300 is being used for the Holiday Party on Saturday December 22<sup>nd</sup>.

**New Business: (Action Items)**

- Resident proposed a craft closet in the community room. Frankie will work with residents to make that happen.
- Resident proposed that sleds be purchased for the kids with the Resident Fund money. Frankie will ask about that and see if it's ok.

# Winter Survival Tips 101

## Seasonal Depression?

The shorter days, darker days, did I mention shorter days? This can get us extra down and gloomy. Below are a few tips to help you pull through the winter gloom and doom! But remember, the shortest day has already happened, so it is all up hill from here!

**Are you taking Vitamin D?** If you live in Oregon, you are more than likely Vitamin D deficient. SAD (Seasonal Affective Disorder) is a real thing. Vitamin D could help. Typical recommendations are 2,000 IU per day or higher. Talk to your Dr. for more information.

**Light Therapy**— there are lights you can purchase that offer a bright full spectrum light that you can sit in front of for a half hour a day or more. *Again, talk to your Dr. for more information.* There is plenty of information online and a great brand called Happy Light.

**Exercise**— Mild to moderate exercise can boost your mood and get happy hormones flowing. Take a brisk walk, do some pushups, even chair yoga can get your blood flowing to help boost your mood. There are many resources online for exercise classes you can do in your own living room and you can find one that fits your mobility needs.

**People**— Having a regular visitation with a friend or family member can make all the difference in the world to a gloomy day. Make sure to provide yourself time to socialize with others, laugh, listen to happy music. There are so many opportunities to connect with others. Including MeetUp.com, local Senior Centers, Enrichment classes offered by organizations, and more!

**Plants**— Plants have a wonderful effect on the body and your surroundings. Try visiting a garden store near you, or try having a plant in your home. Maybe you know someone that has a green thumb, and they can help you pick one out that is perfect for your home!

## Winter Survival Tips 101 Continued:

### Working with Winter Weather

**Take steps to weatherize your home.** This could be putting plastic on your drafty windows, or getting that weather strip for your drafty front door. Remember to ask your utility company for more tips and if you have any maintenance requests, call in a work order! Sometimes you can also ask your utility company to make a payment plan to help lower your bills in the winter months.

**Take EXTRA Time**— It takes longer to do normal day to day things with inclement weather. Make sure you are taking time to defrost your car windows, walk slower when outside, and to give yourself extra time to get from one place to the next. Leave extra room between you and the vehicles ahead if you drive, and also extra time for the bus to get where it needs to go. Be flexible!

**Read your Mail!** Homes for Good often sends notices out to residents about actions you need to take to make sure you are following winter protocol according to your lease and directions from property managers. This could mean disconnecting your hoses, keeping sidewalks clutter free etc. If you have any questions contact your PM.

**Stay Home**— It is better to stay home and avoid accidents in dangerous weather. Spend nicer days stocking up on extra food just incase a storm hits. There are grocery delivery programs in Eugene/Springfield too.

# What Is Dolly Parton's Imagination Library?

**I**t sounds almost too simple to be true, but by reading regularly with your children during their preschool years, you are giving them the biggest boost toward a successful education they will ever get.

Every child will have books of their very own, **at no cost to you**, thanks to **Eugene Public Library Foundation** and Dolly Parton.

Each month a new, carefully selected book will be mailed in your child's name directly to your home. He/she can look forward to new and exciting reading adventures from Dolly Parton's Imagination Library until he/she turns five years old as long as you remain a resident of **the City of Eugene**. Should the child move outside **the City of Eugene**, he/she automatically exits the program.

**Dolly Parton's Imagination Library** is a **FREE GIFT** to our children! **All you have to do is read to your children.**
